and Beauty*

THANK YOU!
FOR CHOOSING PREMIER HOUSE BRICKS!

At Premier Bricks, we are dedicated to making your brick selection process a very happy & enjoyable experience! From our top quality & timeless products, to our lovely team of people, we are sure that you will be absolutely delighted with your choice!

Thanks again!
From the team at
Premier Group International

Important note: Please visit our website for the very latest / up to date information.

Testimonials from our delighted customers

"Just wanted to personally thank you for the information and help with ordering our bricks. I received a sample so I could colour match and I'm so thrilled! It's fabulous - I'm very happy. Thanks again. "

Jenna Thomsen / Homeowner

" I just wanted to bring to your attention the bricks are now in place and Wow they look awesome! If you get a chance you should have a look, the gable ends aren't up yet which will improve the look some more but I think we've nailed this one with the rumbled brick, white mortar and grey roof fascia etc. I think the brick is going to sell well and our bricky also said it was a great brick to lay. Thanks. "

Ryan / Building Company

" These bricks are great to lay, they are straight and true, uniform in colour, great value for money and look fantastic on any house whatever your budget. We have many happy customers. "

Greg Bond Bricklaying Ltd

" The brick and the service are great, quick quote, shorter waiting period than the rest, delivery on time, overall is very good, will recommend to others!! "

Mike / Builder

" You guys have by far the best quality bricks in NZ! They are straighter, truer & more colour consistent than all the rest out there! They are definitely the best bricks to lay & give the ultimate finish for the homeowner! "

Johnny / Bricklayer

" Your bricks are awesome to cut and easy to lay - love them! "

Andrew / Bricklayer

" A short time ago my wife and I had a new home in Tauranga. We chose your Premier Brick (country range, colour white). The bricks were installed last week and we are delighted with the product we have chosen. They look superb on our new home. "

John McPadden / Homeowner

WHY BUILD WITH BRICKS ? THE BEST SOLUTION FOR YOUR HOME !

+ TIMELESS BEAUTY

The number 1 building material since 4000 BC. A look that retains its value despite changing fashions.

+ RESALE VALUE

Brick is the number 1 cladding for highest resale value for your home.

+ SECURITY

Enjoy the safety and security of an extremely solid cladding/exterior. Keep your family safe.

+ FIRE SAFETY

They do not catch fire. Peace of mind.

+ DRY

Enjoy peace of mind that with the assurance of a veneer cavity system, it means moisture can escape between the bricks and timber frame. No risk of moisture becoming trapped or rotten timber!

+ WEATHERTIGHT

Almost totally unaffected by environmental conditions. Extremely weather proof.

+ DURABILITY

Enjoy the superior durability of reconstituted stone. Built to withstand the weather and the test of time.

+ LOW MAINTENANCE

Enjoy the luxury of extremely low maintenance. Does not deteriorate like most other claddings. You save approx \$1000 per year in ongoing maintenance compared to other claddings.

+ BE CREATIVE

Express your imagination and personality with creative designs. Probably the most versatile cladding.

+ COST EFFECTIVE

Probably still the best value for money cladding option for your home.

+ NOISE BARRIER

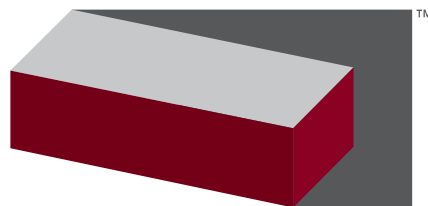

STC rating of 66, meaning excellent noise barrier from traffic etc...

10 REASONS TO CHOOSE PREMIER BRICKS ...

1. SUPERIOR 'WHITE' AND 'GREY' COLOURS

COLOUR & TEXTURE

The look & feel of bricks you choose will help create your particular style of home. Premier Brick colours range from light neutral tones to deep dark shades. You can choose from either straight edge with smooth face or rumbled edge with weathered face.

**Straight Edge (SE)/
Smooth Face**

**Rumbled Edge (RE)/
Weathered Face**

*These sizes not available in RE:

Estate, Mansion

*These colours not available in RE:

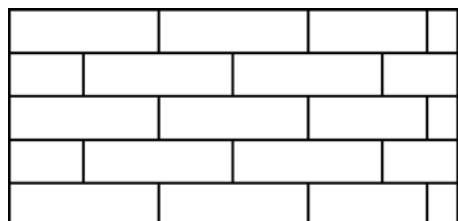

Iron Stone, Charcoal,
Sepia, Walnut

SIZE

- Country: 290mm long x 145mm high x 70mm deep (Double brick)
- Heritage: 230mm long x 115mm high x 70mm deep (1 & ½ brick)
- Modena: 290mm long x 90mm high x 70mm deep (Single brick)
- Estate: 542mm long x 130mm high x 70mm deep (Big stone look)
- Mansion: 542mm long x 270mm high x 70mm deep (Big stone look)

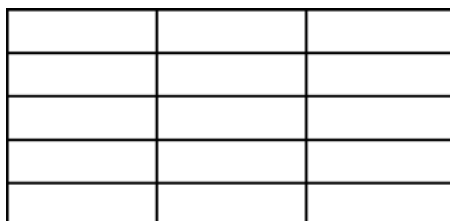

All brick sizes can be used for the entire house or in patterns, window sills, feature walls, formal areas, fireplaces & architectural details. They also look great as feature walls inside your home e.g. front door entry, hallway, etc.

LAYING PATTERNS

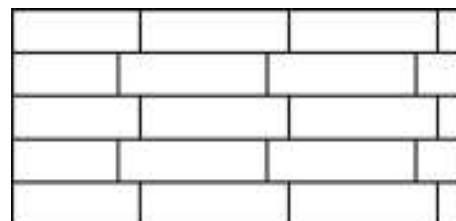

STRETCHER BOND

This is the classic laying style.

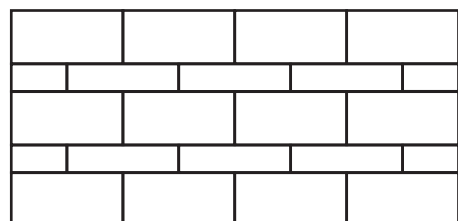

STACK BOND

This is a more modern style. Bear in mind that this style will cost more to install.

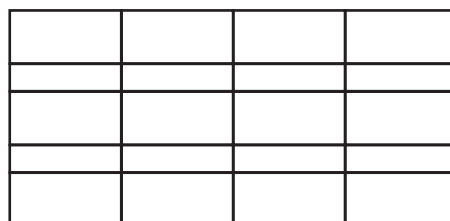

STEP BOND

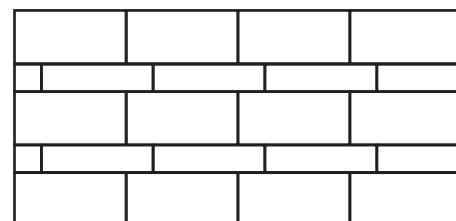

This is a new take on the Stretcher Bond style.

RANDOM COURSING 1

RANDOM COURSING 2

RANDOM COURSING 3

(* Using Mansion & Estate together or Country & Modena together.)

Beautify your world...

MORTAR

You may be surprised to know the colour and type of mortar joint (between the bricks) can have a significant impact on the look of your bricks.

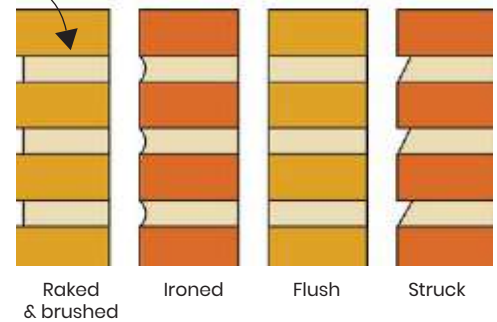

Common Mortar Colours

- Natural or Grey
- White or off white
- Cream or buff
- Coloured mortar to match the brick colour

Common Mortar Joints

The mortar joint refers to how the band of mortar between the bricks is finished. We strongly recommend the raked & brushed finish as it results in a cleaner & more consistent overall look.

Our recommendation!

HOW TO CHOOSE YOUR BRICKS

STEP 1: GO FOR A DRIVE AROUND!

Ask for a Premier Brick address list by calling 0800 22 22 98 or emailing info@premier-group.co.nz & go for a drive to view the bricks in action! This is by far the best way to choose your bricks as you can see how they work with roof, joinery & driveway colours & styles! Be sure to take your camera so you can share your photos & ideas with us when you get back!

STEP 2: CHECK OUT OUR PHOTOS!

Go to www.premierbrick.nz & browse through the many great photos! Also be sure to check out the beautiful driveways & patios too to ensure all your colour choices tie together for the ultimate outcome! Also browse through the "Premier Brick Portfolio" & the "Premier Brick Brochure".

STEP 3: REQUEST REAL SAMPLES!

Narrow your decision down to 2 or 3 colour options & combinations, then contact us for your free samples. We will courier them direct to you! Also be sure to request our driveway & patio samples to help you tie it all together for the ultimate result! You can also view our samples in the show-homes of most reputable House building companies in NZ.

STEP 4: MAKE UP YOUR MIND!

Now you have done the research, its time to make your decision! Consider things like borders, soldier coursing, corbelling, colour combinations, size combinations, mortar colour, etc. Then contact us & your builder to confirm your choice! Well done!

Q What is the delivery lead time?

A For stocked items, please allow 2-4 days. For non-stocked items please allow 30 days for curing.

Q Do you deliver direct to site?

A Yes we do! NZ wide!

Q How much does freight cost?

A We will quote a fixed price for your job.

Q Where can I see a sample?

A We can courier samples direct to you! Please narrow down your decision to 2-3 colours first.

Q Do you have showhomes or displays?

A Yes we have many showhomes NZ wide. Please call for a list of addresses.

Q Do you have approved installers?

A Yes! Please contact us for an installer in your area.

Q What guarantee do you offer?

A Lifetime warranty (50 years).

Q Will there be colour variation in the brick or mortar?

A Yes there will always be some colour variation especially in the mortar due to the many variables eg. moisture, temperature etc. Please also expect more variation in colours such as Ash.

Q Will there be scratches on my Rumbled bricks?

A Yes there will be scratching/marks on the face of the bricks caused by the rumbling process. This all adds to the weathered, timeless appeal of rumbled edge brick. Some marks will weather away over time.

Q Do I need to seal my Premier Bricks?

A No, it is not recommended. With the Charcoal colours, you will notice some fading over time and you may choose to acid wash and seal these colours 12 months after installation. This will reduce fading etc.

Q How do I obtain a quote for my house?

A Please email us your house plans for a free quotation.

Q How many sizes & colours do you have?

A 24 designer colours & 5 stylish sizes. The Estate and Mansion bricks are only available in straight edge, all other brick sizes available in straight edge or rumbled edge.

Q Is there an extra cost for rumbled edge bricks?

A No! We offer them at the same price to make it simple for you!

Q Do you supply sand, cement, oxides & brick ties?

A Yes we do. We supply white cement, grey cement & all oxides if you require coloured mortar. We also supply top quality mortar sand in bulk 1 tonne bags. Pre-mixed bagged mortar is also available in 30 kg bags.

Q Should I use coloured mortar?

A The darker brick colours require this. Please see the Premier Brick Manual for more info. For White & Soapstone colours we recommend that you use our white cement in the mortar. For all other colours we recommend natural coloured mortar using our grey cement in the mortar.

PLEASE SEE THE "PREMIER BRICK TECHNICAL MANUAL" FOR COMPLETE INFO. ESSENTIAL READING FOR BRICKLAYERS & BUILDERS. DO NOT LAY PREMIER BRICK UNTIL YOU HAVE READ AND SIGNED THE PREMIER MANUAL!! THIS IS COMPULSORY BEFORE LAYING OUR PRODUCT. WARRANTY DOES NOT APPLY UNLESS THIS IS FOLLOWED. Email info@premier-group.co.nz for your copy or download from our website www.premier-group.nz

Premier colours are unique and the most consistent. To protect these colours and give the best result we recommend that the following colours are sealed and mortar matched.

BRICK COLOUR	SEALING IS AN OPTION	MUST BE MORTAR MATCHED!
CHARCOAL	✓	✓
SEPIA	✓	✓
WALNUT	✓	✓
IRON STONE		✓
GOLD COAST		✓
STRAW		✓

SPECIAL TERMS AND CONDITIONS FOR CHARCOAL BRICKS:

1. Lay very carefully and sponge off thoroughly with clean water during laying to prevent scratching and staining.
2. Oxide MUST be used in the mortar. NO natural or white mortar to be used!! This helps to prevent a patchy appearance on the finished veneer.
3. It is important to dry-cut Charcoal bricks to prevent 'wet slurry' staining the surface of the bricks.
4. Bricklayer MUST be given explicit instructions on how to lay charcoal colour and MUST read and sign this manual as understood BEFORE laying.
5. Acid wash only if required. DO NOT acid wash without explicit instructions and training from Premier Group.
6. If you choose to seal your bricks, please watch our video regarding this and talk to us first. DO NOT seal without explicit instructions & training from Premier Group.
7. ALL customers for all Premier brick colours must sign and return the terms and conditions form BEFORE delivery.

Premier concrete products are handmade to your order and as such feature quality raw materials. Our concrete is made from premium cement aggregates, oxide and sand and being natural ingredients, variations in colour can occur from brick to brick and batch to batch. Efflorescence, hairline fissures or crazed surface and variations in dimensions is a normal phenomenon of all concrete products. These are normal attributes and highlight your product's individual character and closeness to naturally occurring stones. Specifications subject to change without notice. PLEASE NOTE: All colour reproductions printed in this brochure are as close as possible to the original, however due to the printing process, some variations in colour and shading may occur.

VERY IMPORTANT NOTICE: PRODUCT LAID IS DEEMED TO BE ACCEPTED

QUALITY: If for some reason, you are not completely satisfied with the quality of the product, please contact us immediately. We will not accept any claims for labour costs to remove or re-lay products that have been installed. Our warranty is limited to free replacement of product, deemed to be unsatisfactory by us, before installation takes place. Terms and conditions apply. Please see website for more information.
